Complete the CA Dream Act Application

Student Aid for youth without a US Social Security Number

The CA Dream Act Application is used to apply for state financial aid like the University of California Grants, State University Grants and Community College Board of Governor’s fee waivers. Also, the CA Dream Act Application is used to apply for Cal Grants at California public and private colleges and universities. This is not an application for federal financial aid.

The CA Dream Act is meant to provide financial aid for those who will not qualify for the FAFSA because they do not have a Social Security Number, or have one that was given through the DACA program.
